#### **About Big Brothers Big Sisters Southeastern Pennsylvania**

Big Brothers Big Sisters Southeastern Pennsylvania (BBBS SEPA) proudly serves Chester, Delaware, Montgomery and Philadelphia counties with our life-changing youth mentoring program. We make a difference by matching a child with a Big Brother or Big Sister – a friend and role model who can help to bring out the full potential in their "Little."

With a network of nearly 70 professionals in five regional offices, and more than 400 sister agencies nationwide, our volunteers help children to have new experiences and see the world differently. Research shows that these shared moments have a positive impact on the lives and futures of these children. Simply put, with BBBS mentoring, life's little moments really do create "Big magic."
