

# San Angelo Region

The generous support of Big Brothers Big Sisters from the San Angelo community has continued to grow. A local fundraising luncheon with 75 attendees raised just over \$11,000.

The community also boasts a Big Brothers Big Sisters program on every school campus in the San Angelo Independent School District. Relationships with counselors from each school enhanced the growth of mentoring services at each location. Our tremendous support through the district resulted in the successful tailoring of the Big Brothers Big Sisters mentoring program to serve teens at a non-traditional campus re-established this year. Local business leaders committed to mentoring these teens as they transitioned from high school to adulthood by providing them with a broader sense of community and encouraging them to create positive opportunities for themselves.

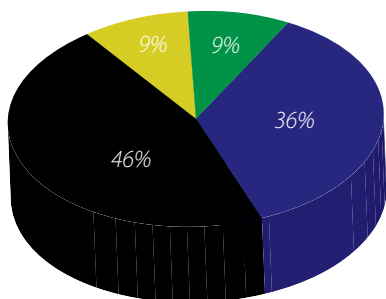

Regional Program Statistics (as of 12/31/2008)

“Big Brothers Big Sisters not only provides care, companionship, and protection for children, but it helps to empower these young ones to strive to be the best they can be and to do great things in life. Big Brothers Big Sisters is a wonderful way of living out the Gospel command of Christ – ‘Love one another as I have loved you.’”
