

Big Brothers Big Sisters is the oldest and most successful one-to-one mentoring organization in the world. Results show that critical issues affecting our community, such as violence and high school dropouts, are positively impacted. Our success is attributed to well-trained, professional enrollment and match support staff, who screen, monitor, assist and track our Big and Little relationships, and dedicated mentors.

Mission: The mission of Big Brothers Big Sisters of Northeast Florida is to help children reach their potential through professionally supported, one-to-one mentoring relationships with measurable impact.

Our programs:

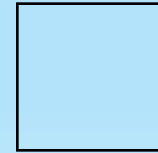

Community One-To-One

The Community Based Program works through one-to-one interactions between a Big and Little within the community to enhance the life of the child. Bigs and Littles meet an average of 6 hours a month to do various activities such as biking, going to the beach, park, museum, movies, etc.

Bigs in Schools

Bigs in Schools is a site based mentoring program that works to improve the child's academic, social, and behavioral performance through one-to-one interactions between a Big and Little. Our Bigs in Schools matches are committed to meeting one hour a week, each week of the school year at the child's school.

Please contact Erica Foster, Area Director, at (904) 261-9500 if you are interested in learning more about how you can make a difference in the life of a child in Nassau County.
